

Copyright and Content Rights

Legal information for your app

Copyright Notice

© 2026 Aescap. All rights reserved. The app, design, software, branding, and original content are owned by Aescap unless otherwise stated.

AI-Generated News Content

This app provides AI-generated news summaries and informational content. AI-generated content may contain errors, omissions, or outdated information. Users should verify important information with reliable primary sources before relying on it.

Third-Party Content

Some news topics, facts, headlines, references, images, data, or source materials may originate from third-party publishers, public sources, APIs, or other content providers. All third-party trademarks, logos, articles, images, and copyrighted materials remain the property of their respective owners.

Rights and Permissions

We do not claim ownership of third-party content. Any use of third-party content is intended to be made under applicable licenses, permissions, fair use, quotation rights, API terms, or other lawful permissions. If a third-party service or publisher requires attribution, licensing, or specific usage terms, those terms remain applicable.

Healthcare and Medical Content Disclaimer

Healthcare-related content is provided for general informational and news purposes only. It is not medical advice and is not a substitute for advice, diagnosis, or treatment from a qualified medical professional. Users should contact a qualified healthcare provider with questions about a medical condition, treatment, medication, or wellness decision.

Copyright Complaints and Takedown Requests

If you believe that content in the app infringes your copyright or other rights, please contact us at service@aescap.com. Please include your name and contact information, a description of the copyrighted work, a link, screenshot, or description of the content you believe is infringing, a statement that you believe the use is unauthorized, and any supporting documentation.

Review and Action

We will review valid requests and take appropriate action, which may include removing, disabling, or correcting the relevant content where appropriate.
